

Unimeet - Sprint 2 Report

Team UniMeet

02/21/2018

- **Actions to Stop Doing**

- None

- **Actions to Start Doing**

- The team should start looking into gems for notifications which is a huge task
- The team should use more of the branch functionality in git as each member works on their tasks
- The team should update the Scrum board more frequently to notify each other of the progress that was made

- **Actions to Keep Doing**

- The team should keep communicating on Slack to raise concerns and questions as well as post tutorials and resources
- The team should keep meeting regularly for Scrum meetings since it gives an overview of everything that's being worked on and will be done

- **Work Completed**

- As a user, I want to visit the homepage so that I know what website I'm on
- As a user, I want to view an activity profile so that I can see if I would want to join the activity
- As a user, I want to have a profile so that activity owners can see if they want me in their activity
- As a user, I want to be able to add a new activity so that I can find people using the app
- As a user, I want to be able to join an activity so that I can use the app to find groups
- As a user, I want to be able to like/dislike activity so that I can find activities that I am interested in

- As a user, I want to have my email connected so that I can control my account
